

**CONFERENCE ON
HIGH PLAINS GROUNDWATER RESOURCES:
CHALLENGES AND OPPORTUNITIES**

**December 7-9, 2004
Lubbock Memorial Civic Center
Lubbock, Texas**

Public education forum and research symposium

Featuring the Following Exciting Topics

**Geology of the Ogallala Aquifer
Development of the South Plains Ogallala Aquifer
Roles of Underground Water Conservation Districts
Rule of Capture Issues
Regional Water Planning
Issues on Agricultural and Urban Water Use
And Much, Much More**

**Agriculture Commissioner Susan Combs will
discuss 'Sufficient Water for Texas Agriculture'**

Research Topics Include

- **High Plains Groundwater Quality**
- **Hydrology/Geology**
- **Remediation of Contaminated Sites**
- **Regional Environmental Challenges**
- **Groundwater Management Issues**

This conference will provide a forum for exchange of water research information and an opportunity for the public to become more knowledgeable about water issues and more familiar with water-related research programs in the region. Commercial and educational exhibit space will be provided.
